2 Introduction and Background to the Project / Programme

2.1 MyJustice

The European Union has contracted the British Council to deliver the rule of law and access to justice component of its Strengthening Governance in Myanmar/Burma Programme (DCI-ASIE/2014/037-333) component, through a delegation agreement for the implementation of the **MyJustice** programme.

A key component of the EU Programme is to support the rule of law and access to justice, to help ensure that people are better protected by the law, and to increase their access to formal and informal dispute resolution and justice systems. It will also support civil society in their provision of legal education and awareness-raising for people and officials and improve the work of institutions, which support the rule of law.

Overall Objective:

Improve access to justice and legal aid for the poor and vulnerable, develop legal capacity of justice sector professionals and strengthen selected rule of law institutions to better fulfil their mandates.

Our work:

MyJustice works in close consultation with communities to promote enhanced and equitable justice provision for all groups, especially those currently most excluded. The programme is currently operational in six states and regions of Myanmar, including Yangon, Mon, Kayin, Shan, Bago and Mandalay. The programme has over 40 Myanmar-based partners, including local and international non-governmental organisations as well as a range of service providers. The programme delivers work across four interconnected results areas:

- **Result Area 1:** Increased capacity within communities to use and apply knowledge and understanding about their rights
- **Result Area 2:** Justice services are more widely available, of higher standard and increasingly meet the needs of communities and their residents.
- **Result Area 3:** Community based dispute resolution mechanisms increasingly utilise inclusive and accountable approaches and methods within the communities that they serve
- **Result Area 4:** Increased evidence and knowledge sharing to inform justice policy development and implementation.

7 Specification

This section spells out the scope for this assignment including the deliverables, requirements and the timeline for the task.

7.1 Background for this assignment

7.1.1 MyJustice supports Justice Centres in Yangon, Mon, Shan, Bago, Mandalay, Kayin, and Naypyitaw, which provide legal advice and representation in criminal matters for the poor and vulnerable, help raise public understanding of their legal rights and obligations. Justice Centres have evolved substantially since their inception in 2013, growing from two offices in Yangon and Mawlamyaing to twelve offices across the country, from providing services to a few hundred clients in the first years to providing thousands of people with legal aid in 2018. As Justice Centres reach more people in more townships across the country, the reputation of Justice Centres also continues to strengthen and improve amongst communities and government stakeholders alike.

The passage of the Union Legal Aid Act in early 2016 offered a significant opportunity for the experiences of existing legal aid providers to be examined and integrated in the development of the government's approach to providing legal aid. The establishment of nationwide government-funded legal aid services through the Legal Aid Act also requires the Justice Centres to reconsider the relevance and future focus of their work. Until now, Justice Centres have acted as a stopgap for government-funded services; with increasing legal aid services being provided by the government, there may be opportunities for the Justice Centres to partner more formally with government-funded legal aid work, or place more emphasis in their work on catalysing change in the justice system. At the same time, as funding from MyJustice will conclude towards the end of this year, the Justice Centres must consider additional options for resource mobilisation and organisational structure and practices that will allow them to sustain their work beyond MyJustice support.

13.3 The British Council reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. 14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: The completed Qualification Questionnaire (*if used*) will then be reviewed to confirm that the potential supplier meets all of the qualification criteria set out in the questionnaire. Potential suppliers that meet the qualification criteria will proceed to Stage 3. Potential suppliers that do not meet the qualification criteria set out in the Qualification Questionnaire (*if used*) may be excluded from the Procurement Process at this point. Where a potential supplier is excluded at this point, its tender response will be rejected in full and not evaluated further and the supplier will automatically be disqualified from this Procurement Process.

Stage 3: If a bidder succeeds in passing Stages 1 and 2 of the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below. Information provided as part of Qualification Questionnaire (*if used*) responses may also be verified as part of this stage.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Experience of the Organisation and the team	[40]%
Methodology and Approach	[45]%
Commercial	[15]%

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex [3] (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may

reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest "Overall Price". Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
